A history of DKIT is currently being written by Dr. Deirdre McArdle-Clinton, former lecturer. The astounding changes which Ireland has undergone over the past four decades have been reflected in your college as it negotiated shifts in technology, in social thinking, in recruitment practices and in education while moving from Dundalk RTC to DKIT.

You are the ones with the stories and we want to hear them. We understand that you are probably very busy with your careers and family responsibilities but we appeal to you to consider giving us an account of your experiences. Without YOU the college would have no history. If it is not written down it will be lost forever. **MAKE YOUR MARK IN THIS IMPORTANT BOOK**
