

Congratulations to all who are conferring today (and yesterday) at Dundalk Institute of Technology. you worked hard and deserve the attention!

Over 1500 students are conferring this year, and we are eager to get details from these students on what happens next and how they got on while at DkIT. You may have seen Amanda from the Careers Office around, trying to hijack students and get them to the the *Graduates Survey*

. This survey provides critical data from outgoing students each year, which can be analyzed and used to help future students.

If you did **not** fill in the survey on the day, you can do so online in the coming days by visiting <http://www.dkit.ie/careers/survey2013>

. All graduates who complete the survey are automatically entered in a draw for a 250 euro voucher!
